

6. That there is a MSW disposal plant at Lamdeng, Imphal and it is a composting plant. As of now, there is no infrastructure for production of RDF or for waste to Energy conversion in this MSW disposal plant. However, the state Government has decided to upgrade the existing MSW – disposal plant so that power can be generated from MSW. RFP has already been floated to rope in reputed private agency for upgradation of the present “composting plant” to “waste to energy plant” and operation thereof.
